

Summer home pest protection...

now with **EFEKTO**^{HOME CARE}
your safer solution for life

January 2012

Buy and apply
the new safer Efeko
HOME care products

my home...

...ants and cockroaches
...safer insect trap range

Summer is a time to consider alternative treatment of home insects with new product options. The tried and trusted **EFEKTO** brand mostly known for its leadership in your garden protection, now offers you a unique range of home care insect traps which offer pet and child safety and are highly effective in destroying ants and cockroach infestations respectively.

Both **EFEKTO ZERO ROACH BAIT** as well as **EFEKTO ANTRAP®** contains a bait which is consumed by these insects. The bait is taken back to the nests and by way of a domino effect the queen and colony of these insects are quickly destroyed.

These products have recently been introduced to the South African market and have been well received for their amazing results and without any hazardous side effects both to the environment as well as you and your family.

Now available in most leading retail stores.

my home...

...Insects
...economical concentrates
...safer formulations

With the recent launch into the home care market by the tried and trusted **EFEKTO** brand, a new range of economical insect protection products are available at most retail stores which now offers you and your family as well as your home environment safer insect protection.

Research shows that today's home executive is very conscious of value for money products and these 100 ml concentrates are still the most economical whereby you save up to 10 times compared with most ready to use applications.

Home care products now available are **EFEKTO ANT**, **EFEKTO NO ROACH** and **EFEKTO NO INSECT INDOORS** for flies and mazzies.
